#### **Questions to consider this week:**

1. Recount your own baptism. How was God at work in your life to lead you to the point of being baptized? Why do you think baptism should be a celebration?
2. Reflect on the 3 points above. How does baptism proclaim these things? How is this similar to a wedding? What differences do you see between baptism and a wedding?
3. Read Romans 6. Connect baptism with the new life in Christ recorded in this chapter.
4. If baptism is not required for salvation (Lk. 23:43) why does Jesus make it part of the primary mission of the church?
