**Questions to consider this week:**

1. Do you feel prepared for the end times? Why or why not? What suffering do you expect?
2. Name a few ways Jesus tells us we will be able to endure the suffering?
3. How have you made sense of 24:32-35 which seems to indicate that the time of the end should be recognizable, but vs. 36-44 tell us no one can know the time?
4. What does it mean to be faithful to Jesus in light of the confidence of the approaching end times?
